## Legacy Partnership

### Who is LawDepot?

LawDepot is an international DIY legal form provider founded in 2002, offering users a variety of online legal documents, like wills, leases, loan agreements, and more.

### How are LawDepot and RedRover Working Together?

It's simple! LawDepot is passionate about supporting charities, so every time someone creates a legal document through LawDepot, RedRover receives 30% of the sales from each purchase.

To start your Last Will, you will need the following information:

Charity Registration Number:  
**68-0124097**

Charity Name:  
**United Animal Nations  
dba RedRover**

### How do Legal Documents Help RedRover?

When you use your Last Will to donate to charities and non-profit organizations, you are helping them to continue the impactful and meaningful work they do in the future—like bringing animals in your community out of crisis.

By leaving a planned gift in your Last Will, you are helping to ensure that the stray animals in your community receive the help they need for years to come, giving them the chance to find their forever families. At LawDepot, we make it easy for you to either leave a sum of money or the residue of your estate to the charity of your choice.

All you need to do is enter RedRover's information under either "**Specific Gifts**" or "**Residue**" when creating your document, and you'll be well on your way to leaving behind a lasting gift that will go towards supporting a charity that you love.

If you already have a Last Will, but still want to donate a planned gift, you can use a Gift Deed instead.
