

## Unique Benefits of RedRover Readers Workshop & Curriculum

- 1** Train as many people as you'd like.

RedRover **works with you** to create the best training experience for your teachers—from one teacher to 1,000!
- 2** No fancy technology required.

An Internet connection is all you need. Take the **online** or **in-person** workshops in staff meeting rooms, multipurpose rooms, etc.
- 3** Gain insights and views from field leaders.

Our trainers are selected for their **engaging presentation** styles and knowledge of the subject matter. You'll walk away with many **Aha! moments**.
- 4** Create positive classroom culture.

Try out the program, and you'll see just how effective the RedRover Readers curriculum can be at helping you create **positive classroom culture**.
- 5** Highly engaging curriculum.

Animals are interesting. The question and discussion style will increase **students' engagement**.

### RESEARCH

“Children’s self-reported quality time spent with their pets predicts their empathy scores and in turn **predicts social behaviors**.”

- 2016, The New School for Social Research, Dr. Emanuel Castano

“The program **builds self-esteem** and students’ **empathy** for pets.”

- 2009, Inverness Research, Inc. L. Stokes & D. Robles. Developing Children’s Awareness of the Human-Animal Bond

“I saw a **positive change** in how children treat people and animals after they participated in the RedRover Readers program.”

- 2017 Parent Survey, RedRover

### TESTIMONIALS

★ “This curriculum helped my students show compassion to others. Highly recommend it to other educators.”  
- **Brett Glennon, Teacher, Marshall Elementary, CA**

★ “I learned how to have trust in someone or something.”  
- **Gabriel, Student, Aspire Elementary School, CA**

★ “The RedRover Readers program is so impactful, and it is appropriate for any age. It is a strong, moving, and meaningful program. I recommend it to educators everywhere! The questioning techniques pull students in. They are non-biased and non-threatening techniques that encourage peer-to-peer teaching.”  
- **Brenda Fiorini, Teacher, IL**

# RedRover Readers Workshop Fees

**FREE**

Refresher course

**\$79 PER PERSON**

1 Teacher

**\$69 PER PERSON**

2-9 Teachers from the same site

**\$59 PER PERSON**

10-15 Teachers from the same site attending at the same time

**\$49 PER PERSON**

16-30 Teachers from the same site attending at the same time

The workshop is an engaging, five-hour session that helps educators develop students' *decision-making and empathy skills*.

We work with you to design the workshop experience that is *best for your teachers!*

## By taking the workshop, educators will be able to:

- ★ Increase student engagement and pro-social skills
- ★ Recognize stories as useful tools in developing moral reasoning and empathy for others
- ★ Use specific question strategies to elicit independent thinking and promote empathy
- ★ Understand Social and Emotional Learning components and how these, as well as Common Core standards, link to RedRover Readers curriculum
- ★ Demonstrate genuine interest in student responses and model effective communication skills
- ★ Be more familiar with students' emotional reactions and attitudes about animals
- ★ Access and implement the RedRover Readers curriculum

## Students practice the following skills:

- ★ Perspective-taking, self-awareness and social-awareness
- ★ Listening, critical thinking and responsible decision-making
- ★ Comprehension and building connections with peers and classroom teacher

Workshops range from \$79-\$1,470, not including travel.
