

The RedRover Relief Urgent Care grant provides financial assistance and resources to pet owners who are unable to pay for emergency veterinary care for their companion animals.

The goal of the Urgent Care program is to fill a small gap in funding that is preventing an animal from receiving urgent or emergency care. The typical grant is \$200, and is awarded based upon several factors, including:

- medical urgency
- financial need
- available funding
- eligibility

Larger grants may occasionally be awarded based on available funding. Learn more about the RedRover Relief program at: www.RedRover.org/relief

BASIC ELIGIBILITY GUIDELINES

- The applicant must be seeking assistance for **one** animal in need of urgent medical care.
- The applicant must obtain a diagnosis and treatment plan before applying.
- Animals must be spayed/neutered, or be spayed/neutered during treatment if possible.
- RedRover Relief cannot pay veterinary bills for treatment that has already been done.
- Applications are **only** accepted through the RedRover website.
